

**FUND OBJECTIVE**

The Element Islamic Equity Fund is an actively managed, South African general equity fund that aims to provide Shari'ah compliant returns. It also offers investors the opportunity to achieve long-term capital appreciation with a moderate level of income. This is done by investing in a portfolio of equities listed on the JSE Securities Exchange and approved by the Shari'ah Supervisory Board, in accordance with Islamic Principles. Element Investment Managers signed the United Nations Principles for Responsible Investment (PRI) in May 2006. In signing the PRI, we have committed to adopt and implement them where consistent with our fiduciary responsibilities. We believe that this improves our ability to meet commitments to investors as well as better align our investment activities with the broader interests of society. Element Investment Managers is the first South African investment manager to sign the PRI.

**STATUTORY INFORMATION**

Figures quoted are from Element Investment Managers (Pty) Limited, for the period ended October 2014, for a lump sum investment, using NAV-NAV with income distributions reinvested. Collective Investment Schemes in Securities (CIS) are generally medium- to long-term investments. The value of participatory interests may go down as well as up and past performance is not necessarily a guide to the future. CIS prices are calculated on a Net Asset Value (NAV) basis, which is the total value of all assets in the portfolio, including any income accrual and less all permissible deductions from the portfolio. CIS are traded at ruling prices and can engage in borrowing and scrip lending. This portfolio complies with Shari'ah Law and, therefore, does not engage in scrip lending. The manager may borrow up to 10% of the market value of the portfolio to bridge insufficient liquidity as a result of the redemption of participatory interests. Different classes of participatory interests apply to this portfolio and are subject to different fees and charges. A schedule of fees, charges and maximum commissions is available on request from Element Unit Trusts Limited. Commission and incentives may be paid and if so, would be included in the overall costs. Fluctuations or movements in exchange rates may cause the value of underlying international investments to go up or down. This portfolio is valued daily at 15h00 and forward pricing is used. The Fund may be closed to new investments at any time in order to be managed in accordance with its mandate. Element Unit Trusts Limited is a full member of the Association for Savings & Investment SA (ASISA).
