STATUTORY INFORMATION

Figures quoted are from Element Investment Managers (Pty) Limited, for the period ended January 2013, for a lump sum investment, using NAV-NAV with income distributions reinvested. Collective Investment Schemes in Securities (CIS) are generally medium to long term investments. The value of participatory interests may go down as well as up and past performance is not necessarily a guide to the future. CIS prices are calculated on a net asset value (NAV) basis which is the total value of all assets in the portfolio, including any income accrual and less all permissible deductions from the portfolio. CIS are traded at ruling prices and can engage in borrowing and scrip lending. A schedule of fees, charges and maximum commissions is available on request from the company/scheme. Commission and incentives may be paid and if so, would be included in the overall costs. Fluctuations or movements in exchange rates may cause the value of underlying international investments to go up or down. This portfolio is valued daily at 15h00 and forward pricing is used. The portfolio may be closed. Element Unit Trusts Limited is a full member of the Association for Savings & Investment SA (ASISA).
