Refer to the Element website www.elementim.co.za for details regarding the creation of Element ABIL Retention Funds as well as updates with respect to ABIL.

FUND OBJECTIVE:

The Element Specialist Income fund aims to achieve consistent outperformance of the money market-related benchmark over rolling three year periods, whilst at the same preserving capital and keeping the volatility of fund returns acceptably low. There is no limit on the maturity of instruments in which the fund can invest and the duration of the fund will vary from time to time, depending on where the fund managers see market opportunities. This fund complies with the legislation governing retirement funds i.e. Regulation 28 of the Pension Funds Act (Act 24 of 1956). Along with the traditional income instruments, the Element Specialist Income Fund can also invest in listed property (max. 25%), ordinary and preference shares (max. 10%), and offshore instruments (max. 25%).

Element Investment Managers signed the United Nations Principles for Responsible Investment (PRI) in May 2006. In signing the PRI, we have committed to adopt and implement them where consistent with our fiduciary responsibilities. We believe that this improves our ability to meet commitments to investors as well as better align our investment activities with the broader interests of society. Element Investment Managers is the first South African investment manager to sign the PRI.

STATUTORY INFORMATION

Figures quoted are from Element Investment Managers (Pty) Limited, for the period ended February 2015, for a lump sum investment, using NAV-NAV with income distributions reinvested. Collective Investment Schemes in Securities (CIS) are generally medium- to long-term investments. The value of participatory interests may go down as well as up and past performance is not necessarily a guide to the future. CIS prices are calculated on a Net Asset Value (NAV) basis, which is the total value of all assets in the portfolio, including any income accrual and less all permissible deductions from the portfolio. CIS are traded at ruling prices and can engage in borrowing and scrip lending. A schedule of fees, charges and maximum commissions is available on request from Element Unit Trusts Limited. Commission and incentives may be paid and if so, would be included in the overall costs. Fluctuations or movements in exchange rates may cause the value of underlying international investments to go up or down. This portfolio is valued daily at 15h00 and forward pricing is used. The Fund may be closed to new investments at any time in order to be managed in accordance with its mandate. Element Unit Trusts Limited is a full member of the Association for Savings & Investment SA (ASISA).
